

Lake Elizabeth
Ranch Club

from
THE PRESIDENT'S DESK

Dear Fellow Members,

In the beginning we remember a tipsy old barn, a once proud Victorian ranch house, an afterthought structure laden with dust and strewn with saddles, reins and ranch gear, a bunkhouse for departed cowboys long dispossessed by clucking hens and other farm-yard animals. We remember an old windmill now overgrown by sturdy, beautiful wisteria and we recall the sometimes muddy, always dusty roads leading to this depository for all kinds of debris.

This was the scene to greet our first members. But something rather strange and wonderful began to happen from the very start. Our families shared our dream and were ready and willing to extend the necessary helping hand of invitations to friends, neighbors and associates. From this humble beginning we received stimulation and help on all sides to mold the character and set the pattern for the future of our participation together. Yet the job is never-ending. Families move away, circumstances alter and the passage of time decimates.

Thus we continue to seek your aid. New friends are made in an expanding circle. If you like them, we all will, so retell our dreams and aspirations in a continuing search for those who will help us all to memorialize a companionable, neighborly, helpful 'way of life.' Keep our mainstream pulsating with renewed energy—use your right to sponsor!

Currently we are a little proud. Our Golf Course is playable and awaiting your pleasure. Our own Rancho Sierra Construction Company is building many new Ranch Lodges for memorable vacation periods with all new lodges typifying the finest in traditional western architecture. Just in the last few years we've added measurably to our entire facility, nor is our promise to you ever out of mind that with your continued fine support we can all build together one of America's finest all-purpose recreational Clubs. With our present assurance of Feather River water just around the corner we may all plan for a greater more abundant future than ever before in our history.

Finally, may I extend to one and all the warm personal regard felt by the Board of Directors, their families and myself for the dedication and loyalty shown our Club throughout the period of your membership.

NEW
EXPLORER GOLF MEMBERSHIP

The Board of Directors is pleased to announce the availability of a new classification of Golf Membership. Now, you and your family can enjoy unlimited use of our golf course with no green fees. Cost of the Explorer membership is only \$100.00 and \$18.00 per month dues.

For further information, call the Glendale office and we'll be happy to explain the entire program. As there is only a limited number of these memberships available, it would be wise to reserve yours early.

WHAT'S NEW
AT
LAKE ELIZABETH

- We are pleased to report that the latest information with regard to the Feather River Project, indicated that water should be delivered to our area by 1970-71. This is great news for all of us as many of our future projects and development are dependent upon an excess amount of water.
- San Francisco Expressway, soon to open! Where have we heard that before? We have been assured by the Hughes-Elizabeth Chamber of Commerce that this long awaited project **will be** completed by late 1968.
- Plans are in the making for opening a **Skeet and Trap** range this spring. Instruction in the proper use of firearms will be made a part of the program and strict enforcement of all rules will be observed. All members that are interested in this program should leave their names at the clubhouse in order that adequate facilities can be planned.
